

RUNYON CANYON INFO

When doing Runyon Canyon, I suggest taking the paved trail as it goes up steadily without being steep. When you arrive at the top, you will see the Hollywood sign and if you go right all the way to the end, there will be a bench where people like to spend time looking at the city views. From the moment you leave the hotel by foot, it will take about 17 minutes to the trail start. The trail itself to the top of Runyon will take about 30 minutes, depending on your speed. Then if you spend another 30 minutes at the top and then slowly hike back down, you should be back at the hotel in about 2 hours. *This hike is also known for fun people watching, including celebrities spotting!* Below are a few pictures.

...and you will see lots of dogs too... 😊
